12.1.2 Entry information will be published in at least one issue of the official publication of the NSPRA, and on its website, prior to entry opening day.

12.1.3 All calls, both entries and call backs, will be recorded on tape.

12.1.4 Contestant will be given a confirmation number for each call.

12.1.4.1 Contestant must provide BOTH of these numbers should there be a dispute regarding when he was to be up or what he was to be entered in.

12.1.5 Any member who enters another contestant is responsible for those fees.

12.1.5.1 A member may guarantee a non-member's entry fees.

12.2.0 Entering

12.2.1 When entering, contestants must be prepared to give the following information:

Name of rodeo(s)

Card Number

Name

Event(s) to be entered

Name and Card Number of partner(s)

Contestants may enter open in team roping and ribbon roping, but will be drawn out at entry closing time if no partner has been designated.

Preference for performance or slack desired.

Both a first and a second preference may be given.

Contestant may ask to be drawn out if he does not receive his preference.

12.2.1.1 In individual events, a contestant has the option to enter his age group and down one age group.

12.2.1.2. In teamed events a team may enter down one age group with the same partner or a different partner.

12.2.1.3 In individual events, a contestant can only win a world championship in his appropriate age group.

12.2.1.4 In team events, contestants will be allowed to win a world championship in a lower age group if designated before the first rodeo is entered and at least one partner is age appropriate.

12.2.1.5. All-Around points accumulate in the contestant's appropriate age group only. All points accrued in the 68+ TD will count towards the 60 All Around.

12.2.2 If a contestant in a team event enters or competes with an ineligible partner, points will not count, and any money won must be repaid to the National Office. The team will be disqualified, and the payoff refigured.

12.2.3 Positions will be drawn when entries close, so when an entry is made during the day has no influence on when a contestant is drawn up.

12.2.4 Contestants may draw out without penalty only while entries are open. After entries close, contestant may be released from liability for entry fees only by using one of his four releases. (Refer Section 13.)

12.2.5 Walk up entries shall be allowed only in the rough stock events (BB, SB, BR) provided stock is available and fees are paid with the arena secretary at least three hours before the performance.

12.2.5.1 A contestant may only enter as a walk up enter two times during the season. There will be a \$40 fee in addition to entry fees for the first time, and an \$80 fee in addition to regular entry fees for the second time.

12.3.0 Calling Back

12.3.1 Contestant may call back during advertised call back times to find out when he has drawn up.

12.3.1.1 Times of performances and slacks will be advertised in the official publication of the NSPRA, and on its website. If a change is made in advertised times, contestants will be notified during call backs and on the website.

12.3.1.2 Any contestant who draws out of a rodeo after entries close is responsible for all fees, including central entry fees, office charge, judge's fee, secretary fee, and entry fees. (Refer Section 13.)

12.4.0 Drawing Positions

12.4.1 After entries close and all entries have been taken, Central Entry will first draw a priority list, then place contestants using said priority list.

12.4.2 There will be no placing of contestants by Central Entry, the rodeo secretary, committee, or contractor.

12.4.3 Central Entry will format sanctioned rodeos according to a NSPRA Board approved order of events and slacks unless committees or contractors specify a different order necessitated by their particular circumstances.

12.4.3.1 The computer is then instructed to draw the number needed to fill Perf #1 from those contestants who asked for that perf as a first preference. If Perf #1 cannot be filled by those who asked for it as a first preference, the computer will be instructed to draw anyone who asked for that perf as a second preference. If Perf #1 is still not full, the balance needed will be drawn at random from all contestants.

12.4.3.2 Once Perf #1 has been filled, Perf #2 will be filled following the same process as in 12.4.3.1.

12.4.3.3 All perfs are drawn for and filled before slack is determined necessary; thus, those contestants not drawn by the computer for a perf are automatically drawn into slack. (If a rodeo requires more than one slack time, slack positions are drawn in the same way as a perf in Rule 12.4.3.1).

12.4.4 If at all possible, a contestant entered in multiple events will be drawn up on the same day.

12.4.5 Once positions are drawn, perf or slack, they may not be changed except by trades. In addition see rule 19.1.3.

12.4.5.1 Any rodeo secretary who changes a contestant's drawn position except by trade out is subject to fine and loss of bond.

12.4.5.2 No stock in any event may be competed on before that event is scheduled, and no stock may be held back beyond the end of the run for that event.

12.5.0 Trade Outs

12.5.1 All rodeos will be trade out rodeos unless otherwise listed.

12.5.2 Trade outs may take place only between two contestants entered in the same age category of the same events.

12.5.3 Rodeo secretaries may trade a contestant into an open position created by a release or an

out, provided this is done one (1) hour prior to stock draw.

12.5.3.1 A trade to an open position which would move a contestant out of a performance to a section of slack will not be allowed.

12.5.3.2 A contestant may not move from his drawn position to an open position in the SAME slack or perf.

12.5.4 Trade outs are allowed up until the time that stock is drawn.

12.5.5 Arranging for a trade out is the responsibility of the contestant, not that of Central Entry or the local rodeo secretary.

12.5.6 If a trade is arranged before call backs end, contestants should notify Central Entry.

12.5.7 If a trade is arranged after call backs end, contestants must notify the local rodeo secretary before stock is drawn.

12.5.8 In team events, a contestant must compete with the partner entered with, unless that partner turns out or releases. (Refer Rule 13.5.0)

12.5.8.1 A contestant may not trade one partner for another if the original partner is still entered in that event.

12.6.0 Discrepancies in Entry Information

12.6.1 If a contestant shows up to compete on a day other than the day he is supposed to be up according to Central Entry's books, or claims to be entered in more or less events than the books show, he will be allowed to compete at the rodeo provided that: 1) He must post a cash bond in the amount of \$100, and 2) He must provide correct confirmation numbers for both his entry call and his call back call.

12.6.1.1 Contestant must compete in the new position drawn for him by the judges.

12.6.2 If the contestant is proven correct after verification with Central Entry on Monday (or on the next working day), the bond will be refunded.

12.6.3 If the contestant was in error, the bond will be forfeited, the contestant's fees figured in the payoff, and the proper payoff will be made disregarding said contestant's placing.

12.6.4 The bond money is to be sent to the NSPRA office along with the final results of the rodeo.

12.6.4.1 Any forfeited bond money shall remain in the General Fund of the NSPRA.

12.7.0 Walk Up Entries

12.7.1 Walk up entries shall be allowed only in the rough stock events (BB, SB, BR) provided stock is available and fees are paid with the arena secretary at least three hours before the performance.

12.7.1.1 A contestant may only enter as a walk up enter two times during the season. There will be a \$40 fee in addition to entry fees for the first time, and an \$80 fee in addition to regular entry fees for the second time.

**SECTION 13: DRAWING OUT, RELEASE FROM PAYMENT OF ENTRY FEES,
AND TURNING OUT**

13.1.0 Drawing Out

13.1.1 A contestant may draw out without penalty only until entries close, except in the case of unacceptable ground, as outlined in Rule 13.4.3.

13.1.2 Once entries close, only the use of one of his two releases will be accepted as an excuse for failure to pay entry fees. (For information on using a release, see Rule 13.2.0.)

13.1.2.1 A contestant using one of his releases must still pay fees of \$20.00 per rodeo, payable immediately to the National Office.

13.1.2.2 Anyone else withdrawing from a rodeo or not showing up at a rodeo will owe all fees.

13.2.0 Release from Payment of Entry fees

13.2.1 All NSPRA members will be allowed to use up to **two (2)** releases during the course of one rodeo year as an excuse for failure to pay entry fees.

13.2.1.1 No reason will be required to document the validity of these four releases.

13.2.1.2. **A release begins when the contestant notifies central entry of them releasing and ends when the contestant competes at a rodeo and is considered one release. Contestant will pay \$20 per rodeo that they enter and do not compete at.**

13.2.1.3 Use of a release for one event shall count as one release even though the contestant competes in other events at the same rodeo.

13.2.2 In order to use a release and be excused from liability for entry fees, a contestant MUST (a) NOTIFY Central Entry at least three hours prior to the perf or slack in which he is scheduled to compete, and (b) clearly DECLARE that he wants to use one of his 2 releases, and (c) SPECIFY what rodeo and events the release is to cover.

13.2.2.1 FAILURE TO NOTIFY will result in (a) contestant being held liable for all fees, including entry fees, central entry fee, office charge, judge's fee, secretary fee, and fine equal to amount of entry fees payable immediately to the National Office, and (b) being ineligible to ENTER another sanctioned rodeo until turn out fees are paid. (Refer Rule 3.1.5.1) Entry fee will stay in the payoff. Fine will be returned to the association.

13.2.3 No more than two Releases from payment of entry fees will be permitted to any one member for any reason or combination of reasons during one rodeo year.

13.2.3.1 Members are responsible for keeping track of the number of releases they have used.

13.2.3.2 Anyone using or attempting to use more than his two releases will be liable for his entry fees plus a \$100.00 fine.

13.3.0 Turn Outs

13.3.1 To TURN OUT of a rodeo, a contestant should notify central entry or the local rodeo secretary at least three hours prior to the performance or slack in which he/she is scheduled to compete. A contestant who does not compete as entered and does not RELEASE properly per Rule 13.2.0 is considered a TURN OUT and is liable for all fees. A contestant may choose to TURN OUT and pay fees rather than to use a release.

13.3.2 If a contestant arrives at the rodeo after his run has been turned out, he must immediately report to the rodeo secretary and pay all fees due.

13.3.2.1 Once a contestant's stock or run has been turned out, the stock or run may not be given to the contestant at a later time unless the turn-out was due to a discrepancy in entry information. (Refer Rule 12.6.0)

13.3.3 If not paid to Rodeo Secretary, turn out fees, including entry fees, Central Entry fees, office charge, judges fee and secretary fee, are payable immediately to the National Office.

13.3.3.1 All contestants must pay any turnout fees, bad checks, or fines owed to NSPRA before being allowed to enter another sanctioned rodeo. (Refer Rule 3.1.5.1.)

13.3.4 Entry fees of member turn outs, whether collected by the rodeo secretary or not, will be figured in the payoff.

13.3.4.1 The National Office will reimburse the rodeo secretary for uncollected MEMBER fees as soon as complete results are received and turn outs are confirmed.

13.3.5 Unpaid entry fees of non-member turn outs are not figured in the payoff and will be collected by the National Office, if possible.

13.4.0 General

13.4.1 If a member of a team turns out or releases after entries have closed, the remaining partner must draw out and have his entry fee refunded, or he must get another partner from any of the contestants in his age category already entered in another event.

13.4.1.1 The remaining partner may not drop down to a lower age category unless filling a team in that category that had been officially entered.

13.4.1.2 The alternate contestant must pay the specified entry fee to the Rodeo Secretary.

13.4.1.3 The partner that turned out must also pay his entry fees to the National Office before being allowed to enter another sanctioned rodeo. (Refer Rule 3.1.5.1.)

13.4.1.4 Fees of the partner who turned out will be placed in the awards fund.

13.4.1.5 This rule applies to both men and women in the ribbon roping.

13.4.1.6 In a multi-go rodeo, the team will be disqualified if one partner turns out after the team has competed once except at SNFR.

13.4.2 In team events, a contestant must compete with the partner entered with, unless that partner turns out or releases. (Refer Rule 13.5.0)

13.4.2.1 A contestant may not trade one partner for another if the original partner is still entered in that event.

13.4.3. If the ground is deemed unacceptable by the event director and/or the judges, the contestant will have the option to compete or to draw out. If they draw out, they are still liable for the \$20 office charge, and the rodeo will count towards the finals.

13.5.0 SUMMARY: DEFINITIONS /ABBREVIATIONS

13.5.1 DRAWING OUT - A contestant may "draw out" only through central entry before entries close. Thus, his name will not appear on any official draw sheet at the rodeo. A contestant may also "draw out" as outlined in Rule 13.4.3.

13.5.2 TRADEOUT (TRO) - The contestant arranges to trade positions with another contestant or into an open position created by a turn-out or a release. (Refer Rule 12.5.0)

13.5.3 RELEASE (REL) - The contestant opts to use one of his two releases in order to be

excused from payment of entry fees and correctly follows the procedure specified in Rule 13.2.2. Contestant is still responsible for the \$20.00 Office Charge. His fees are NOT figured into payoff. (Refer Rule 13.2.0)

13.5.4 TURN OUT (TO) - The contestant does not compete as entered, and either does not notify properly or chooses to pay his entry fees rather than to release. A TO is responsible for all fees. Members' entry fees are figured into the payoff. Non-members' entry fees are not figured into the payoff unless secretary has money in hand. (Refer Rule 13.3.0)

SECTION 14: DRAWING STOCK

14.1.0 General

14.1.1 Any contestant may be allowed to witness the draw providing that conversation and conduct do not distract the judges and secretary.

14.1.1.1 All names and numbers of animals in the draw must be written on chips.

14.1.1.2 Numbers must be drawn from a suitable container (other than a hat) and held above eye level of the drawing judge.

14.1.1.3 Numbers are to be shaken between each number drawn.

14.1.2 Permit members must have their entry fees paid in cash to the local rodeo secretary before stock is drawn, or no stock is to be drawn for them.

14.1.3 Any director has the right to declare any stock in his event unsatisfactory. Any stock so declared shall be taken from the draw.

14.1.4 Animals for all events will be inspected before the draw, and no sore, lame, sick or injured animal, or animals with defective eyesight shall be permitted in the draw at any time.

14.1.4.1 Should an animal become sick or be injured between the time it is drawn and the time it is scheduled to be used in competition, a replacement animal shall be drawn for the contestant. In the riding events, the replacement shall be drawn from the reride animals.

14.1.4.2 A judge must confirm an animal's inability to be used before it can be replaced in the draw.

14.1.4.3 Once an animal is taken out of the draw, it may not be returned to the draw for the duration of that rodeo.

14.1.5 Contractors are required to furnish at least one half (1/2) as many cattle as there are ropers or steer wrestlers.

14.1.6 The contestant is responsible for competing on the stock drawn for him. Contestant will be disqualified if competing on the wrong animal unless overruled by a judge to do so.

14.2.0 Riding Events

14.2.1 All rough stock in contest events will be drawn by number by a judge.

14.2.2 In all riding events, a complete go round must be drawn at one time.

14.2.3 Reride stock will be drawn and designated #1, #2, #3, etc. If more reride stock is needed than was drawn, then additional reride stock shall be drawn from turnouts and/or pen.

14.3.0 Timed Events

14.3.1 All cattle will be numbered and drawn for by a judge or director.

14.3.2 In the team roping, cattle for each age group will be designated at the beginning of the rodeo by drawing from the entire herd.

14.3.2.1 Cattle will stay in the draw of the designated age groups for the entire rodeo.

14.3.3 All cattle in the draw will be run one time before any cattle will be run twice, etc.

14.3.3.1 When due to a split performance, this procedure becomes impossible, the draw will include cattle remaining that have been run the least number of times.

14.3.3.2 Immediately after a split performance, the draw will revert to the cattle that have been run the least number of times.

14.3.3.3 In cases of reruns, all cattle in the draw will be run one time before any one animal is run twice, etc.

14.3.4 If after one go round has been completed, a fresh calf has to be used, the calf must be roped and tied before the draw. If extra calves have been tied at the rodeo, they will not be considered fresh.

14.3.5 When possible, an extra in each timed event should be drawn to replace a sick or crippled animal. If an animal escapes or the contestant is fouled, that animal will be brought back and run after the perf or at the beginning of the next section if in slack.

14.3.6 Timed event cattle will not be drawn any sooner than two (2) hours before each performance.

14.3.6.1 Only one section of any timed event may be drawn at one time. The first run on all cattle must be completed before the second run can be drawn.

14.3.7 In the timed events, no drawn stock can be held over from one performance to the next or overnight.

14.4.0 Misdraws

14.4.1 Definition. Any animal which must be replaced will be considered a misdraw. Possible reasons for replacing an animal are: (1) injured or unhealthy animal; (2) animals not properly numbered or distinguishable; (3) animal not on premises after being drawn; (4) duplicate brand and/or ear tag and animals not being distinguishable before the draw; (5) contestant left out of the draw; (6) animal drawn incorrectly due to clerical error.

14.4.2 Procedure. Take the last number drawn and move it up to the misdraw. The contestant who had the last-number-drawn animal would then draw at the herd. See example 1.

Example 1:

Shawn	21
Dale	23

Animal #25 is injured; 23 is moved to Bill's spot and Dale draws at the herd. Should there be two misdraws, the procedure is basically the same. See example 2.

Example 2:

<u>Contestant</u>	<u>Stock #</u>
Mark	22

Sam	26 (misdraw – injured)
Bill	25 (misdraw – missing)
Joe	24
Dan	20
Shawn	21
Dale	23

Animal #23 is moved to Sam’s spot, as in example #1; Animal #21 is moved to Bill’s spot; Shawn and Dale would then draw at the herd.

**SECTION 15:
RODEO SECRETARY, PAYOFF, AND RESULTS**

15.1.0 General

15.1.1 All rodeo secretaries must hold a NSPRA secretary’s card.

15.1.2 Any person who intends to act as a rodeo secretary must notify the National Office of his intentions so that he will receive the secretarial packet.

15.2.0 Entries will be taken by, and positions will be drawn by, central entry. (Refer to Section 12, “Central Entry System”.)

15.2.1 The rodeo secretary may not accept additional entries, **except allowed walk-up entries in the rough stock (refer to Rule 12.7.1).**

15.2.2 The rodeo secretary may not change drawn positions except by trade out.

15.2.2.1 Trade outs may be made up until the time that stock is drawn. After stock is drawn, no trade outs are allowed.

15.2.3 Any secretary who violates the above rules will be subject to fine and/or forfeiture of the \$100.00 bond.

15.2.4 Should any discrepancy in entry information arise, contestant may post a \$100.00 bond. (Refer to Rule 12.6.0.)

15.3.0 Fees

15.3.1 NSPRA will reimburse the committee or rodeo secretary should a member’s check be returned unpaid, BUT the Association will not be responsible for any debt other than member entry fees.

15.3.1.1 Permit members, except renewals, must pay fees in cash before stock is drawn, or no stock is to be drawn for them.

15.3.1.2 A member may guarantee a permit member’s entry fees.

15.3.1.3 When there are two or more rodeos at a location, all entry fees must be paid by contestants prior to the second rodeo or the stock will not be drawn.

15.3.2 The total amount collected in judges’ fees is to be divided between the judges and is to be paid in addition to the payment by the local committee.

15.4.0 Posting

15.4.1 Draw should be posted prior to the start of each performance or slack.

15.4.2 Scores and times must be announced during each event during performances and slacks.

15.4.3 Scores, times, and draw of completed performances and/or slacks should be posted as

soon as possible, but at least before the beginning of the next performance or slack.

15.5.0 Turn outs and Releases

15.5.1 The rodeo secretary MUST call central entry for turnout and release information no more than three hours prior to the beginning of EACH performance and slack, but at least before stock is drawn.

15.5.2 All Rodeo Secretaries should study Section 13, “Drawing Out, Release from Payment of Entry Fees, and Turning Out”, before figuring payoff.

15.5.2.1 Notification through Central Entry of intent to use a “Release” is the only excuse for failure to pay entry fees.

15.5.2.2 Anyone else who withdraws or does not show up is considered a turn out and owes all fees.

15.5.2.3 Member turn out fees are to be figured in the payoff, except when the turn out is the third entry fee in a team event. (Refer Rule 13.4.1.2 and 13.4.1.3.)

15.5.2.4 The National Office will reimburse the Rodeo Secretary for uncollected member fees as soon as complete results are received, and releases and turn outs are confirmed.

15.5.2.5 Unpaid permit members turn out fees are NOT to be figured in the payoff and will be collected by the National Office, if possible.

15.6.0 Payoff

15.6.1 Payoff formula

<u>ENTRIES</u>	<u># OF MONIES</u>	<u>PERCENTAGES</u>
1-3	1 money	100%
4-6	2 monies	60% - 40%
7-9	3 monies	50% - 30% - 20%
10-17	4 monies	40% - 30% - 20% - 10%
18-24	5 monies	30% - 25% - 20% - 15% - 10%
25-49	6 monies	29% - 24% - 19% - 14% - 9% - 5%
50+	8 monies	26%-21%-17%-13%-10%-6%-4%-3%

15.6.1.1 In using the payoff formula, a team is one entry. EX: (If three teams, pay two monies. Do not figure six persons which would pay three monies.)

15.6.1.2 When there are two go rounds and an average, the money is divided equally three ways, and payoffs are based on the formula according to the number of entries. The same number is paid in the averages as in each go.

15.6.1.2.1 Four places are paid in a short go.

15.6.1.3 When there is a short go, 40% goes to the long go, 10% to the short go, and 50% to the average. The average is to pay the same number of places as the long go and that number will be based on the payoff formula. (Example: If six places are paid in long go, then pay four places in short go, and six places in the average.)

15.6.1.4 On three head of stock, the average will include one and one half times the go round money. (Refer Rule 7.5.2.1 for formula.)

15.6.1.5 On four or more head of stock, the average will include 1 1/2 times the go round money in all events.

15.6.1.5.1 Formula: Total all purse money, entry fee money, and sponsor money. Deduct 7%. Rounds are paid at 18% and Average is paid at 28%.

15.6.2 A contestant must compete on every head of stock drawn for him in an event to place in the average.

15.6.2.1 When more places in the average are paid than there are contestants with an average, the remaining places will be paid on the highest score(s) or fastest time(s) on one head posted by contestants not already in the average.

15.6.3 If an insufficient number of contestants qualify for the full payoff, the payoff shall be based on the number of qualified times/scores. Example: 9 entries = 4 monies paid off 40%, 30%, 20%, 10%; however, only two contestants post qualified times. Thus, payoff would be 2 monies paid off 60% and 40%.

15.6.3.1 If only one qualifies, winner takes all, including entry fees and added money.

15.6.3.2. If no one qualifies in an event the 7% will be taken out of the entry fees and added money, the remaining balance will go to the SNFR added money in that age group in that event.

15.6.3.2.1. At multiple rodeos in one location, if no one qualifies, the remaining balance after the 7% shall be carried over to the next day's (rodeo) purse. If no one qualifies at the last rodeo in that specific location, the remaining balance will go to the SNFR added money in that age group in that event.

15.6.4 There will be a contest only if two or more contestants enters the event.

15.6. If there are no contestants in an age group in a timed event, the added money in that age group will revert back to the rodeo committee.

15.6.6 If no contestant competes in a riding event, the added money in that event will revert back to the rodeo committee.

15.6.7 Prize money may be paid following a go round, but payoffs must be completed following the final perf.

15.6.7.1 Any checks not picked up at that time must be mailed to contestants within five (5) days of the final performance. (Failure to do so will result in forfeiture of \$100.00 bond.)

15.7.0 Official Results

15.7.1 The rodeo secretary must call or fax in to the National Office all turn out and release information by three (3) PM of the first working day following the completion of the rodeo, or bond will be forfeited.

15.7.2 Within five (5) days following the final perf, the Rodeo Secretary must have prepared the following information for return to the National Office. (Failure to do so will result in forfeiture of the \$100.00 bond.)

15.7.2.1 Seven percent (7%) of the total purse (added money and entry fees), including any and all non-sanctioned events, will be withheld from the payoff and sent to the National Office. (NO DEDUCTION OF ANY KIND MAY BE HELD OUT OF THE SEVEN PERCENT.)

15.7.2.2 Secretaries are required to submit complete and accurate result sheets on winners, their scores, times, dollars won, and points awarded.

15.7.2.3 Original timer's sheets and judges' cards must be returned to the National Office along with results.

15.7.2.4 Secretaries must list point winners, #1 through #6, in every event whether money is paid for all six places or not.

15.7.2.5 A valid list of all member releases, turn outs and unpaid entry fees must be submitted before reimbursement will be made.

15.7.2.6 Final results and all additional information required by the National Office must be postmarked within five (5) days of the final performance.

15.7.2.7 Committees will forfeit the \$100.00 bond for delay in submitting required results and documentation thereof.

SECTION 16: TIMERS AND TIMING

16.1.0 Timers

16.1.1 Timers must be experienced and knowledgeable.

16.1.2 There shall be two timers, a field flag judge and a barrier judge.

16.1.2.1 Time is to be taken between two flags.

16.1.2.2 Digital watches must be used.

16.1.3 Timers for a rodeo may not be changed after the first performance except for:

Sickness or injury

Request of an Association official because of the timer's incompetence.

Agreement of the stock contractor, rodeo committee and Association official.

16.2.0 Timing

16.2.1 Hand times in all events shall be recorded in tenths. Digits beyond tenths are to be ignored, except as in 16.2.2.1. Two watches will be used. One timer will be designated as the official timer and the other timer will be for backup purposes only in the event the official timer fails.

16.2.2 An electric timer must be used in the Ladies Barrel Race but must be backed up by a flagger and two hand watches.

16.2.2.1 Electric eye times are to be recorded in hundredths. Thousandths are to be disregarded.

16.2.2.2 Both eye and hand times are to be recorded for each contestant.

16.2.2.3 Refer to Section 26, Ladies Barrel Race, for additional information on electric eye times.

16.2.3 Timers must be prepared to signal the following time limits:

16.2.3.1 Riding events are timed for six (6) seconds. Time will start when the animal's inside shoulder breaks the imaginary plane of the chute.

16.2.3.2 Steer wrestlers have a 30 second time limit to CATCH on a steer wrestling run. (Refer Rule 23.2.3)

16.2.3.3 Team ropers have a 30 second elapsed time limit to complete a run. (Refer Rule

25.2.2.)

16.2.3.4 The tie down ropers have a 30 second time limit with each contestant allowed only one loop during regular season rodeos. A contestant may carry 2 loops in average rodeos and/or the SNFR with a 30 second time limit. Contestants in the 68+ tie down have no time limit. (Refer Rule 24.2.1)

16.2.3.5 The ribbon ropers have 30 seconds to catch and touch the calf. (Refer Rule 27.2.2)

16.2.4 No contestant may talk to a timer in any way while any event is in progress.

16.2.5 Decisions of timers will be final, and no protests by contestants will be permitted.

SECTION 17: JUDGES

17.1.0 General

17.1.1 All judges and flagmen must hold an NSPRA judges' card.

17.1.2 To be eligible to judge a sanctioned NSPRA rodeo, judges and flaggers must hold a certificate issued by an accredited judges clinic and/or be approved by the Judges Coordinator.

17.1.3 Judges must apply to be on the NSPRA approved judges list. All judges will be assigned from the approved judges list by the NSPRA Judges Coordinator.

17.1.3.1 Should a contestant have a complaint about a judge's competence, he should submit a written complaint to any event director.

17.1.3.1.1 The Judges Coordinator will evaluate the judge's action and will determine what further action should be taken.

17.1.3.1.2 Any judge who is proven incompetent or who does not enforce the rules of the official rule book will be fined and/or suspended.

17.1.4 None of the judges - barrier, field flag, or riding - may be changed during the course of the rodeo unless ill or injured or by agreement of Association officials, stock contractor, and rodeo committee.

17.1.5 The men appointed to flag are the judges regardless of who judges the riding events and are the only persons qualified to deliver a decision in the timed events.

17.1.6 Decisions of judges, flagman, and timers will be final and may not be overturned by action of the Board of Director, its officers, or any other party.

17.1.6.1 Questions or protests by contestants must be taken to their event directors or to the Board of Directors.

17.2.0 Judging and Competing

17.2.1 A rodeo judge may compete in one riding event and cannot judge the riding event they compete in.

17.2.2 A timed event judge may compete in a timed event if he is replaced in that event with a certified judge.

17.2.2.1 No judge may rope, dog, or haze in a timed event and also flag his age group for that event.

17.2.2.2 If the barrier judge is competing in the timed events, he must find another certified judge to watch the barrier in that event in his age group.

17.3.0 Judges' Books

17.3.1 Markings must be totaled by the judges and checked by the secretary in the presence of the judges.

17.3.1.1 No changes may be made after the books have been turned in to the Rodeo Secretary unless errors are found by the National Office.

17.3.1.2 The rodeo secretary must make an exact copy of the judge's books and post the copy on the bulletin board at the end of the performance and slack.

17.4.0 Rule Enforcement

17.4.1 Any judge who is proven incompetent or who does not enforce the rules of the official rule book will be fined and/or suspended.

17.4.2 Contestant's failure to read and understand the rules will not be accepted as an excuse.

17.4.3 Contestants are required to make an honest effort. Contestants can make 3 attempts, at judge's discretion, but then must get on another animal or be turned out. Failure to do so, as determined by judges, will result in a \$25.00 fine.

17.4.3.1 A \$25 fine will be assess if a rough stock rider does not make an honest effort to compete. The money from the fine will be sent to the committee when collected by the National Office. However, the contestant will only be fined the first rodeo of multiple rodeos in one location if he leaves notification on the turn out line or notifies the field secretary two hours prior to the draw (four hours prior to the rodeo) for the other rodeos in that location. He will also not be fined if he is injured at the first rodeo and cannot compete at subsequent rodeos in that location.

17.4.3.1.1 A rough stock contestant may count the rodeo(s) towards the rodeos needed to be eligible for the SNFR and/or a World Championship if they leave all of their fees in the pot and provide timely notification to the field secretary.

17.4.4 Any event not covered in this rule book will be covered by local ground rules.

17.4.4.1 Ground rules not in conflict with the rule book may be established but must be posted along with the draw prior to the first performance and remain posted throughout the entire rodeo before contestants will be required to comply.

17.4.4.2 Ground rules in conflict with the rule book must be approved by the Board of Directors and be published in at least one issue of the official publication of the NSPRA, and on its website.

17.4.5 Any situation not covered in this rule book will be covered by **PRCA or Women's Professional Rodeo Association rules.**

SECTION 18: JUDGING RIDING EVENTS

18.1.0 General

18.1.1 If an animal becomes sick or crippled between the time that it is drawn and the time it is used, a judge must pass on the animal's inability to be used before it can be shipped or replaced in the draw.

18.1.2 Contestants may pull riggings, cinch saddles, and pull bull ropes from either side in all riding events.

18.1.2.1 The middle flank belongs to the bronc rider.

18.1.3 A prod may not be used on an animal unless the rider agrees.

18.1.3.1 If rider denies use of the prod and the animal does not buck, no reride shall be given.

18.1.3.1.1 Anyone who violates use of a prod will be subject to suspension, fine, and/or both.

18.2.0 The Ride

18.2.1 Rides are timed for six (6) seconds.

18.2.1.1 Time will start when the animal's inside shoulder breaks the imaginary plane of the chute.

18.2.1.2 Both judges must carry a stop watch and a small throw flag in all riding events, with the "latch-side" judge being the final authority as to qualification. This judge must note on score sheet what the watch reads in cases of disqualification.

18.2.2 Spur Out Rule. To qualify for a marking, bareback or saddle bronc rider must have the rowels of the spurs touching the horse above the break of the shoulders when horse's front feet hit the ground on its initial move out of the chute. The mark out will be attempted, if there is a failure to make the mark out, a deduction of (5) five points shall be made from the total score on the side of the failure, or (10) ten points if the mark out fails on both sides.

18.2.2.1 If a rider is fouled at the gate, judge's discretion shall determine whether a reride is given or the spur out rule is waived.

18.2.3 If a horse stalls coming out of the chute, either judge will tell the rider to take his feet out of the horse's neck and the first jump qualification will then be waived.

18.2.3.1 Rider will be disqualified for not following the judge's instruction to take feet from the neck of a horse stalled in the chute.

18.2.4 The ride and the animal are to be marked separately with the ride marked according to how well the rider performs on the animal.

18.2.5 Figures used in marking the riding events shall range from one (1) to twenty-five (25) on both the bucking animal and the rider on each side.

18.2.5.1 The full spread is to be used.

18.2.6 Judges are to stay with the foot or side he starts with until the end of the go round.

18.2.6.1 Judges must switch sides for each go round.

18.3.0 Rerides

18.3.1 Rerides may be given when an animal fails to break, stops, fouls the rider, or performance of the animal is inferior. If a reride is offered to a contestant, they must accept or decline the reride before the next contestant competes.

18.3.1.1 Contestant may take the same animal back, providing the stock contractor is willing or he may take a drawn reride. If the rider takes the same animal back, he must take that marking unless he is fouled.

18.3.2 If a bucking animal comes in contact with the pickup men or any horse in the arena during competition, the rider will have the option of a reride if a qualified ride is made up until time of interference.

18.3.3 If a flank breaks or comes off, the rider shall have a reride providing he has made a qualified ride up to that time.

18.3.4 Contestants shall not influence the judges by asking for a reride at any time.

18.3.5 No rerides will be given for personal equipment failure.

18.3.6 If a bucking animal escapes the arena during a timed ride, the rider should be given the option of a reride.

18.4.0 A \$25 fine will be assessed if a rough stock rider does not make an honest effort to compete. **Honest effort is defined as: must be on seated on their rough stock animal and pass the gate flagger.** The money from the fine will be sent to the committee when collected by the National Office. However, the contestant will only be fined the first rodeo of multiple rodeos in one location if he leaves notification on the turn out line or notifies the field secretary two hours prior to the draw (four hours prior to the rodeo) for the other rodeos in that location. He will also not be fined if he is injured at the first rodeo and cannot compete at subsequent rodeos in that location.

18.4.1 A rough stock contestant may count the rodeo(s) towards the rodeos needed to be eligible for the SNFR and/or a World Championship if they leave all of their fees in the pot and provide timely notification to the field secretary.

SECTION 19: JUDGING TIMED EVENTS

19.1.0 General

19.1.1 In all timed events except Ladies Barrel Race, there shall be two timers, a field or flag judge, and a barrier or line judge.

19.1.1.1 Time is to be taken between the two flags and recorded in tenths.

19.1.1.2 In Ladies Barrel Race, the flag judge and the timers shall backup the electric eye.

19.1.1.3 The barrier judge should stand at gate to make sure contestants are ready and that arena is clear before contestants come through the gate.

19.1.1.4 In Ribbon Roping, the barrier judge will also flag the runner as she crosses the finish line. (Refer to Ribbon Roping, Section 27.)

19.1.2 All timed event contestants must compete from the same box as designated for their event.

19.1.2.1 It is the responsibility of each contestant to check that the properly drawn animal is in the chute. Competing on the wrong animal will result in disqualification.

19.1.3 The first three head of cattle must be run in the order of drawn positions in both perfs and slacks.

19.1.3.1 No stock in any event may be competed on before that event is scheduled, and no stock may be held back beyond the end of the run for that event.

19.1.4 All contestants are required to make an honest effort. (MINOR) (\$25)

19.1.5 Decisions of judges, flagmen, or timers are final.

19.1.5.1 Questions or protests by contestants must be taken to their event directors or to the Board of Directors.

19.1.6 No contestant may talk to the judge or timer in any way while an event is in progress. (MINOR) (\$25)

19.1.6.1 Questions may be addressed to the judge no sooner than at the end of the event for that performance.

19.1.7 During any performance or slack, if a timed event animal must be brought back to the chute end, it will be returned by the arena director and the labor crew in the same manner it was originally worked.

19.1.7.1 No animal may be repenned by itself unless through a return alley. If no return alley, at least three head of animals will be brought back together.

19.1.7.2 The arena director will decide when stock is to be repenned.

19.1.8 In team roping and tie down roping whether or not cattle are to be lined will be decided, if conditions warrant, by the event director or judge.

19.1.8.1 The post person or designated liner cannot be repositioned or removed from the post position during tie down roping and ribbon roping.

19.1.9 The individual pushing cattle in the timed events cannot leave the mouth of the chute until the animal has crossed the score line. (MAJOR) (\$250)

19.1.10 No reruns will be given for personal equipment failure.

19.1.11 Anyone holding the neck rope, the rope must leave his hand, and be fed out of his hand without holding onto the rope.

19.2.0 Barrier and Score Line

19.2.1 An automatic barrier must be used at all rodeos if possible. When a barrier is used in the steer wrestling, it must be an automatic barrier and there must be at least a 12' box. If box is shorter than 12', steer wrestling must be lap and tap.

19.2.2 The lengths of the score lines for each event is to be set by the event director or judge unless specified under individual events.

19.2.2.1 Arena conditions will determine score.

19.2.2.2 The SCORE is the distance from the barrier to the score line.

19.2.2.3 The length of the score will be determined by measuring from the score line to the ground directly under the pin with the pin in the barrier ring.

19.2.2.4 The length of the box is measured from the center of the back end to the center of the barrier.

19.2.2.5 Once the score line has been set in any timed event, it may not be changed for the balance of that rodeo, nor may the length of the box be changed.

19.2.3 A neck rope tied with string or rubber band must be used. No metal snaps or hardware shall be used on neck ropes in the timed events.

19.2.3.1 Barrier judge will keep a record of the length of the barrier trip rope and check it each performance and slack to assure the same start for all contestants.

19.2.3.2 Length of barrier trip rope shall be adjusted only by tying knots in either end of the rope.

19.2.4 When the rope pulls from the top of the chute or any point 60 inches or higher from the ground, it is considered an overhead pull and should be measured as follows:

19.2.4.1 With flag up and pin in place, the end of the neck rope with the loop attached should come to a point 24 inches short of the score line and 24 inches up from the ground in the steer events.

19.2.4.2 In the calf events, the neck rope should come to a point 18 inches short of the score line and 24 inches up from the ground.

19.2.5 When the pulley side is less than 60 inches above the ground, it is considered a SIDE PULL and should be measured as follows:

19.2.5.1 With the pin in place, the length of the neck rope pulled tight is 24 inches short of the score line in the steer events.

19.2.5.2 In the calf events, the neck rope should be 18 inches short of the score line.

19.2.6 If a barrier flagman is used, the animal is to be flagged when crossing the starting line, or deadline, in front of the flag with same.

19.3.0 Barrier or Line Judge

19.3.1 The barrier judge must stand where he can clearly see the pin, neck rope and contestant.

19.3.1.1 In tie down roping and ribbon roping, the barrier judge must stand on the right side of the tie down roping box.

19.3.1.2 In team roping and steer wrestling, the barrier judge must stand on the left side of the box.

19.3.2 A 10 second penalty will be assessed for breaking or beating the barrier.

19.3.3 Broken barriers will be recorded by the barrier judge and turned in with his books to the rodeo secretary.

19.3.4 Barrier judge must be equipped with a 10' tape measure in case the short end of the barrier is carried with the horse.

19.3.4.1 If short piece is carried over 10 feet from the bottom of the post at the pin side, it is not a broken barrier.

19.3.5 If the automatic barrier fails to work and the official time has not started, the contestant or team will get stock back if stock is qualified on in the field.

19.3.5.1 In order for time to be considered official, the barrier flag must operate.

19.3.6 If in the opinion of the line judge, the contestant is fouled by the barrier or neck rope, he shall get his calf or steer back, providing he declares himself by pulling up immediately. If the contestant fouls the barrier, they will not be entitled to a rerun.

19.3.6.1 If the contestant broke the barrier on his first run, a ten second penalty will be carried over and added to the time he posts on his second run.

19.3.7 Barrier judge is responsible for changing the barrier string whenever it may have been broken, weakened, or upon request of the next contestant.

19.3.8 In case of barrier malfunction, the contestant must declare at the line or make a qualified run to receive a rerun on the same animal.

19.3.9 In the timed events, if in the opinion of the line judge, the neck rope does not pull off the animal or if the animal does not cross the width of the score line, (which is the width of the boxes at the length of the score line), the contestant is entitled to a rerun on the same animal, provided he declares himself immediately. There will be no penalty added, if in the opinion of the line judge, the contestant did not break or deliberately beat the barrier.

19.4.0 Field Flag Judge

19.4.1 Field judge (or flagger) shall position himself on the left-hand side of the arena.

19.4.1.1 In tie down roping, the flagger should be far enough down the arena that he will have

a full view of the calf and roper as he rides toward them to inspect the tie.

19.4.1.2 In steer wrestling, the flagger should be on the left-hand side of arena by the box so that he may follow the dogging horse and maintain a full view of the steer's head and all four legs as the steer is thrown.

19.4.1.3 In ribbon roping, the field judge should be positioned far enough down the arena to see clearly that roper makes first contact with calf.

19.4.1.3.1 Although not flagging the end of the run, the field judge should have flag in hand in order to flag out any team violating this rule.

19.4.1.4 In the Ladies and Men's Breakaway Roping, the field judge should be down the arena against the fence on the right side of the arena, visible to all timers.

19.4.2 A field judge must ask contestants if they want a second loop or jump at an average rodeo or the SNFR. Contestants must answer at once or be flagged out. Once a man has been flagged out, he will receive no stock back.

19.4.3 If an animal escapes from the arena, the flag will be dropped and watches stopped. Contestant will get the animal back lap and tap. Time already elapsed will be added to the time used in qualifying.

19.4.3.1 If a rope is on the animal when it escapes, the roper will get the animal back with the rope on it in the chute.

19.4.3.2 Lap and tap begins when the animal clears the gate.

19.4.4 Refer to individual event sections for specific rules governing flagging each event.

19.4.5 Any judge failing to comply with these instructions will be declared ineligible.

23.2.1 Contestants must furnish their own hazer and horses. The steer must be caught from the horse. Only one hazer is allowed, and that hazer must hold an active membership, or a working card, in the NSPRA.

23.2.2 After catching the steer, contestant must change direction or bring steer to a stop and twist down. If steer is accidentally knocked down or thrown by the wrestler putting the horns into the ground, it must be let up on all four feet and rethrown. The steer will be considered down only when it is lying flat on its side, or on its back, with all four feet and head straight. Wrestler must have his hand on the steer when flagged. The fairness of the catch and throw will be left to the judges, and their decision shall be final.

23.2.3 There will be a 30 second time limit to CATCH on a steer wrestling run. A whistle indicating “no time” shall be blown by the timer at the end of 30 seconds if the contestant has not caught steer. As long as the CATCH is made in 30 seconds or less, the contestant may take as long as necessary to complete the throw.

23.2.4 The hazer must not render any assistance to the contestant while the contestant is working with the steer. Failure to observe this rule will disqualify the contestant.

23.3.4 Fresh steers added to a pen that has been used must be bulldogged from horseback and thrown down before being contested on.

23.3.4.1 It is the responsibility of the steer wrestlers to throw the cattle at a time mutually agreed upon with the stock contractor.

23.3.5 When a pen of fresh steers is used, any steer not thrown down during competition must be thrown down before being contested on again.

23.3.5.1 Contestants are responsible to throw down such steers under supervision of the event director.

23.3.6 Cattle used for steer roping, cutting or other events shall not be used for steer wrestling.

23.3.7 Dogging cattle must weigh a minimum of 450 pounds and a maximum of 650 pounds per head.

SECTION 24: TIE DOWN ROPING RULES

24.1.0 The Tie Down Roping Event consists of four age categories: 40-59, 60-67 and 68+. Purse money at approved rodeos will be split equally among the three age groups. Points will be awarded to the top six contestants in each age category regardless of whether or not they have won money, and standings will be kept based on those points.

24.1.1 In the 68+ Tie Down Roping, there will be a 1 second handicap at age 72, a 2 second handicap at age 75 and a 3 second handicap at age 78.

24.1.2 All points accrued in the 68+ Tie Down will count towards the 60 All Around.

24.2.0 The Contest - The rope must be tied hard and fast. The contestant must rope the calf (catch as catch can), dismount, go down the rope, throw the calf by hand and cross and tie any three feet. Roping the calf without releasing the loop from hand is not permitted. To qualify as a legal tie, there shall be at least one wrap around all three legs secured with a half hitch. Any three legs may be tied together. (Example: One wrap around two legs, third leg wrapped to one or both of the first two.) If the calf is down when the roper reaches it, the calf must be let up to his feet and be thrown by hand - except by those 68 and over. If the roper's hand is on the calf when the calf falls, the calf is considered thrown by hand. The rope must be on the calf when the roper touches the calf. The tie must hold and the three legs remain crossed until passed on by the judge. The roper may push off the calf but must not touch the tie until after the judge has completed his examination. The field judge will pass on the tie of the calves through the use of a stopwatch, timing six seconds after the roper takes one step up the rope towards the horse. The rope will not be removed from the calf and the rope must remain slack until the field judge has passed on the tie. In the event a contestant's catch rope is off of the calf, after completion of the tie, the six second period is to start when the roper clears the calf. The flagger must watch the calf during the six second period and will stop the watch when the calf kicks free using the time shown on the watch to determine whether the calf was tied long enough to qualify. After signaling for time, the roper will be

disqualified for removing the rope from the calf until the tie has been passed on by the field judge. If the tie comes loose, or the calf gets to his feet before the tie has been ruled a fair one, the roper will be marked no time.

24.2.1 The tie down ropers have a 30 second time limit with each contestant allowed only one loop during regular season rodeos. A contestant may carry 2 loops in average rodeos and/or the SNFR with a 30 second time limit. Contestants in the 68+ tie down have no time limit. In the 68+ tie down, the 6 second rule starts after the roper takes 1 step up the rope toward the horse.

24.2.2 The contestant must adjust the rope and reins in a manner that will prevent the horse from dragging the calf. Rope must be run through a neck rope. The contestant must receive no assistance of any kind from outside. If the horse drags the calf excessively, the field judge may stop the horse. Excessive dragging is defined as 10 feet or more. Intentional dragging a calf - regardless of distance calf is dragged - shall result in a fine plus possible disqualification. Intentional shall be defined as anything deliberately caused by contestant. Unintentional dragging (MINOR) (\$25) Intentional dragging (MAJOR) (\$250)

24.2.3 Contestants may be fined and/or disqualified for the mistreatment of stock at any time, in or out of the arena. (MAJOR) (\$250)

24.3.3 Fresh calves will be tied at least once under the supervision of the tie down roping director or his spokesman.

24.3.3.1 When a fresh calf is missed during slack or perf, that calf shall be tied down before being drawn again. It shall be the responsibility of the roper that missed the calf to tie it down or to have it tied down.

24.3.4 Any deviation from the above rules must be approved by the Tie Down Roping Director or stock contractor may be fined.

24.3.4.1 First offense will be \$100. An additional \$100 fine per rodeo for each violation may be assessed.

24.4.0 General

24.4.1 An automatic barrier must be used at all rodeos for tie down roping if possible. The length of the score is the length of the roping box minus five (5) feet. All score lengths are subject to the approval of the Tie Down Roping Director or judge.

24.4.2 Refer Section 19, “Judging - Timed Events”, for additional information on barriers and score lines.

24.4.3 The animal belongs to the contestant when he calls for him regardless of what happens, except cases of mechanical failure.

24.4.4 The line judge in the tie down roping event must stand on the right side of the tie down roping box. This pertains to all rodeos that use an automatic barrier.

24.4.4.1 If a hand pulled barrier is used, the decision of lining calves must still be made by the Tie Down Roping Director or judge.

24.4.5 The flagger should position himself on the left-hand side of the arena and far enough down that he can maintain a clear view of the calf's legs as he moves up into position to flag the run.

25.2.6 A broken rope or loss of rope will be considered a no time.

25.2.7 If the steer is roped by one horn, the roper is not allowed to ride up and put the rope over the other horn with his hand.

25.2.8 If the heeler ropes a front foot or feet in the heel loop, this is a foul catch. However, should the front foot or feet come out of the heel loop by the time the field judge drops his flag, time will be counted.

26.4.2.2 A copy of the measurements will be posted by the barrel race draw.

26.4.3 Barrels shall be marked using a 100 foot measuring tape with a five foot extension.

26.4.4 To insure an accurate measure to barrel 3 from barrels 1 and 2, an arc must be made from barrel 1 and barrel 2 to barrel 3. The point where the arc crosses is where the third barrel must be placed.

26.4.5 The score line must be accurately measured back from both barrels 1 and 2.

26.4.6 The distance from the third barrel to the back end of the arena and the distance from the score line to the opposite end of the arena should be measured to assure that the pattern meets minimum requirements.

26.4.7 Once all distances have been measured, permanent markers should be buried for the 3 barrels, the score line, and the eyes.

26.4.7.1 Flags or bright paint should be put on the fences or posts in direct line with the score line.

26.5.0 Reruns

26.5.1 If for any reason the barrels are not placed on the permanent markers or the flagman was not in the correct place, all contestants who ran on the incorrect course must be rerun with no penalties assessed.

26.5.2 Judges must make the decision that the barrels were not on the markers. Should this happen, contestants and the barrel racing director or her spokesperson will set the time for the reruns.

26.5.3 No reruns will be given if a horse falls while running the pattern.

26.5.4 No reruns will be given for equipment failure.

26.5.5 If for some reason a rerun is given, the judge must make the decision.

26.5.5.1 The rerun will be made after conferring with the contestant and the barrel racing director, but must be made no later than the end of the performance or slack in which the contestant was running.

26.5.5.2 A contestant cannot be held until a later performance.

26.6.0 Ground Preparation

26.6.1 The ground will be worked to maintain a fair advantage for each barrel racer whether in slack or during a performance.

26.6.2 Ground around the barrels must be raked after not more than six (6) total contestants have run. (Disregarding age groups.)

26.6.2.1 Turn outs and releases are to be counted as if they were an actual run.

26.6.2.2 If more than six contestants are scheduled during a perf, ground should be raked halfway through the total number in the perf, not to exceed six. (If perfs have different numbers of contestants, the number which is half of the largest perf, not to exceed six, should be used to set the rakes.)

26.6.2.3 The above number must then be used for rakes during slack.

26.6.2.4 In order to avoid multiple rakes during a performance, it is recommended that no more than 12 total barrel racers be drawn up in any performance.

26.6.2.5 In cases of ground extremes, the maximum of six (6) may be adjusted by the barrel racing director or spokesperson and the judges.

26.6.3 In slack, ground around the barrels must be worked with a tractor, if one is available, immediately before the barrel race and after the number of contestants as determined in Rule 26.6.2.2 above have competed.

26.6.4 The barrel racing director or her spokesperson will cooperate with the judge and the arena

director to see that raking around the barrels does not interfere with the flow of the rodeo performance.

26.6.5 Stock must not be fed or watered within twenty-five (25) feet of the permanent barrel markers.

26.7.0 Electric Timer

26.7.1 An electric timer is the necessary timer and must be used at all NSPRA approved rodeos.

26.7.1.1 The Association will loan an electric eye to any rodeo committee needing one; however, a committee may use their own electric eye, recruit the donation of one, or hire the use of a local eye.

26.7.2 Electric timers must be backed up by a flagger and two hand watches.

26.7.2.1 Two watches will be used. One timer will be designated as the official timer and the other timer will be for backup purposes only in the event the official timer fails.

26.7.2.2 Backup times must be written down on official time sheets along with electric eye times.

26.7.3 Electric eye times should be recorded in hundredths, and the payoff should be determined by hundredths.

26.7.4 If the electric eye fails, two hand watches shall be used (Refer Rule 26.7.2.1). In this event, the payoff would be determined by tenths.

26.7.5 If the electric timer fails on less than 50% of the total number of contestants competing, back-up times in tenths will be used for those contestants whose times were missed.

26.7.6 If the electric timer fails on 50% or more than the total number of contestants competing, hand times in tenths for all contestants must be used to determine the payoff.

26.7.7 If the electric timer fails to work, even during the first performance, every attempt should be made to use the timer for the remaining performances unless more than 50% of the total contestants have already received a hand time.

26.8.0 Vet Releases. Vet releases are no longer honored. Instead contestant will be allowed four releases as specified in Section 13.

26.9.0 General

26.9.1 DRESS CODE (MINOR) (\$25)

26.9.1.1 Contestant must wear a long-sleeved shirt, a western hat and boots while mounted in the arena during any paid performance or slack whether competing or not.

26.9.1.2 Women barrel workers may set timers, barrels, etc. using the same dress code as ribbon runners (Refer Rule 3.2.3.3.2). Exception to this rule is at the SNFR, when a western hat is required.

26.9.1.3 Contestant may be fined for not dressing according to the NSPRA dress code.

26.9.2 Practice runs after the barrel pattern is permanently set and recorded must be at least 15 feet from the official rodeo pattern. (MINOR) (\$25) Thus, no exhibition runs may be permitted during any performance or slack. (MINOR) (\$25)

26.9.3 A contestant may be fined or disqualified for not being ready to compete when her name is called.

26.9.4 The barrel racing director will appoint an awards committee for special year end awards.

26.9.5 The barrel racing director may appoint region directors from each region to facilitate the running of the Ladies Barrel Race in collaboration with the judges at each rodeo in their respective regions.

SECTION 27: RIBBON ROPING RULES

27.1.0 Ribbon Roping is a sanctioned event for both ropers and runners. The Ribbon Roping Event consists of two age categories: 40-59, and 60+. Prize money at approved rodeos will be split equally among the two age groups. Points will be awarded to the top six contestants in each age category regardless of whether or not they have won money, and standings will be kept based on those points.

27.1.1 Points won in more than one age category cannot be accumulated.

27.1.1.1 In teamed events a team may enter down one age group with the same partner or with a different partner.

27.1.1.2 In team events, contestants will be allowed to win a world championship in a lower age group if designated before the first rodeo entered and at least one partner is age appropriate.

27.1.1.3 All Around points accumulate in contestant's appropriate age group only.

27.1.2 If a contestant in a team event enters or competes with an ineligible partner, points will not count, and any money won must be repaid to the National Office. The team will be disqualified, and the payoff refigured.

27.1.3 Both ropers and runners may compete only once per age group at each rodeo.

27.2.0 The Contest

27.2.1 Ribbon Roping is a team event composed of a man roper and lady runner. The rope must be tied hard and fast. The roper must rope the calf, dismount, and touch the calf before the runner may remove the ribbon from the calf's tail. The runner must run across the finish line between Point A and Point B. (See Figure 6)

27.2.2 The roper must rope the calf and the rope must stay on the calf until the roper gets his hand on the calf. Ribbon roper has 30 seconds to catch and touch the calf.

27.2.2.1 Roping the calf without releasing the loop from hand is not permitted.

27.2.3 The roper must have contact with (touch) the calf before the runner can have any contact with the calf or attempt to remove the ribbon from the calf. If calf has contact with the runner before roper touches calf, team will be disqualified.

27.2.4 The calf will come from the tie down roping box with the score set according to the arena conditions. (Refer 19.2.0 for rules governing barriers and score lines.)

27.2.4.1 If a calf does not cross the score line and the field judge determines that the runner turned the calf back, there will be no rerun given. (Refer Rule 19.3.9 for barrier penalty determination if a rerun is given.)

27.2.5 A judge on horseback should be positioned far enough down the arena to see clearly that the roper makes first contact with the calf.

27.2.5.1 Although not flagging the end of the run, the field judge should have flag in hand in order to flag out any team violating this rule.

27.2.6 The judge on the line will be the flagman. The flagman will stand on the score line and will flag the runner on her return. The runner will end her run by crossing the finish line in front of judge with RIBBON in hand. Runner must cross scoreline. The post person or designated liner cannot be repositioned or removed from the post position during the ribbon roping event.

27.2.6.1 Runner must offer ribbon to the line judge immediately after crossing the finish line.

27.2.7 If the ribbon is removed within the “finish area”, the runner will cross the finish from that direction, with ribbon in hand.

27.2.8 It is the responsibility of the contestant to check that the properly drawn calf is in the chute with a ribbon attached to the top of calf’s tail.

27.2.9 If the ribbon comes off before the runner touches the animal, or the rope causes the ribbon to come off, a rerun will be given if the roper ropes the calf.

27.2.9.1 If the roper broke the barrier on the first run, the 10 second penalty will be carried over and added to the time posted on the second run.

27.2.10 All waiting ropers and runners must stay behind the score line.

27.2.10.1 Only the ribbon runner can assist the roper in hazing the ribbon calf.

27.2.11 The roper must adjust rope and reins in a manner that will prevent the horse from dragging the calf. Rope must be run through a neck rope. The contestant must receive no assistance of any kind from outside. If the horse drags the calf excessively, the field judge may stop horse. Excessive dragging is defined as 10 feet or more. Intentional dragging a calf - regardless of distance calf is dragged — shall result in a fine plus possible disqualification. Intentional shall be defined as anything caused by contestant. Unintentional dragging (MINOR) (\$25) Intentional dragging (MAJOR) (\$250)

27.2.12 Contestants may be fined and/or disqualified for the mistreatment of stock at any time, in or out of the arena. (MAJOR) (\$250)

27.2.12.1 Unnecessary roughness in flanking a calf shall be considered mistreatment of livestock. (MAJOR) (\$250)

27.2.12.2 Roper will continue to hold calf until whoever is untying calves has control.

27.3.0 Cattle

27.3.1 In the ribbon roping the appropriate weight shall be:

40s – no more than 240 pounds

50s – no more than 220 pounds

60s – no more than 200 pounds

27.3.1.1 Native, Brahma cross and dairy breeds shall not be mixed.

27.3.2 No bob tailed calves are to be used in ribbon roping.

27.3.3 Any deviation from the above rules must be approved by the Ribbon Roping Director or fines will be assessed.

27.3.3.1 First offense will be \$100. An additional \$100 fine per rodeo per violation may be assessed.

27.4.0 Ribbons

27.4.1 The ribbon should be brightly colored standard surveyor tape and is to measure no less than one (1) inch wide by fourteen (14) inches in length.

27.4.2 A standard #16 size rubber band should be used to attach the ribbon to the calf's tail.

27.4.3 The combined ribbon and rubber band shall be placed at the highest point of calf's tail head.

27.5.0 Dress Code (MINOR) (\$25)

27.5.1 Contestant must wear a long-sleeved shirt and some type of footwear while in the arena during any paid performance and slack, whether competing or not.

27.5.1.1 If headgear is worn by runners while competing in the ribbon roping event, only western hats may be worn.

27.6.0 Ground Preparation

27.6.1 At the ribbon roping director's (or his/her designee's) discretion, the arena shall be dragged to smooth the ground prior to the ribbon roping event. The area to be smoothed shall be at least as wide as the finish area and to a length down the arena as agreed upon by the ribbon roping director and the committee. The width of the drag should extend ten (10) feet beyond the finish area on one or both sides if the width of the arena allows for such.

SECTION 28: LADIES AND MEN'S BREAKAWAY ROPING RULES

28.1.0 Ladies Breakaway roping is all one group, regardless of age. The Men's Breakaway age group is 65+. Prize Money at approved rodeos will not be split into age groups. A minimum of \$50 will be added to the Ladies Breakaway and \$50 will be added to the Men's Breakaway.

28.2.0 Points won in the Ladies Breakaway roping will count towards each individual's ropers age category for her all around (i.e., if a 40's roper wins first, 60 points plus bonus points will go towards her all around; if a 50's roper wins second, 50 points plus bonus points will go to her all around; and if a 60's roper wins third, 40 points, plus bonus points will go towards her all around, or any combination thereof).

28.2.1 Points won in the Men's Breakaway will count toward the 60+ Men's All Around points.

28.3.0 The rope will be tied to the saddle horn by a string provided by the director or their stand in. Nylon string will be used. The rope will be tied snug up against the horn.

28.3.1 The string shall be attached to the rope at the end of the rope. The barrier judge may request the rope be retied before permitting contestant to compete.

28.3.2 A large material flag that is visible to the barrier and flag judges must be attached to the end of the rope breaking away from the saddle horn.

28.4.0 A legal catch occurs when the loop passes over the calf's head and pulls tight anywhere behind the ears on the body of the calf. The calf must break the rope away from the horn. Roper breaking the string from the horn is grounds for disqualification.

28.4.1 Time is taken when the flag leaves the saddle horn as the string breaks. The flagman should be positioned down the arena from the timed event chute on the side of the roper from which the rope is fed (ropers right) so the flag is clearly visible when the rope breaks away. If the judge and the director feel this position needs to be changed. (i.e., there is not enough room for the judge to stand on the right side of the roper, without causing the calf to go left, then the judge can stand down the arena on the left of the roper), they can change the position.

28.4.2 The catch pen gate will remain closed. There will be a 30 second time limit.

28.4.3 The stock should not have horns longer than 3 inches. The stock should be as even as possible.

28.4.4 Other rules that are not covered here, but are relevant to the NSPRA Tie Down Roping will apply to the Ladies and Men's Breakaway Roping.

28.4.5 Any rule not covered in the NSPRA Rule Book, shall refer to the official rule book of the Women's Professional Rodeo Association.
